

## **PRACTICE NOTE 6**

### **The Workers' Compensation and Injury Management Arbitration Amendment Rules 2020**

#### **Introduction**

1. With the publication of the Workers' Compensation Arbitration Service Amendment Rules 2020 Practice Notes 4 and 5 have become redundant and are of no further effect.
2. These Practice Notes are hereby revoked by the Registrar.

#### **Practice Notes 4 and 5 Revoked**

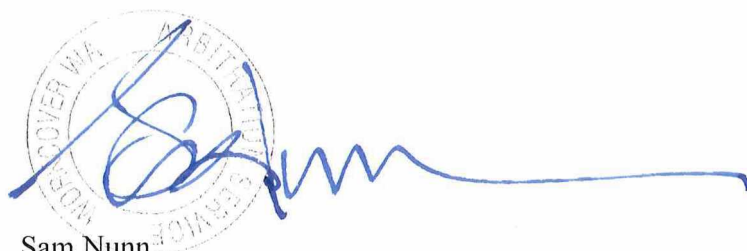

3. Practice Note 4 (issued 6 April 2020) extended the limit on documents lodged by facsimile from 20 to 40 pages. As all documents must now be lodged through Arbitration Online (unless a party is exempt from this requirement) Practice Note 4 is redundant and is of no further effect.
4. Practice Note 5 (issued 20 April 2020) approved the use of electronic lodgement of documents via Arbitration Online. As the Arbitration Rules have now been amended to expressly provide for this facility Practice Note 5 is redundant and is of no further effect.

#### **Clarification**

5. Revocation of these Practice Notes does not effect the validity of anything done in accordance with them prior to revocation.

#### **Commencement**

6. Practice Notes 4 and 5 are revoked as of the date of this notice.

Sam Nunn  
Registrar
