## Scheme status report

WorkCover WA is the government agency responsible for overseeing the workers' compensation and injury management scheme in Western Australia (WA).

**WA operates a privately underwritten workers' compensation scheme. This means that private insurance agencies are approved by WorkCover WA to provide workers' compensation insurance to WA employers. Additionally WorkCover WA also exempts large employers, who have the material and financial resources to cover their own liabilities from any workplace injuries that may occur, from having to obtain workers' compensation insurance from an approved insurer. Exempt employers are commonly referred to as self-insurers. Currently, there are eight approved insurers and 23 self-insurers operating within the WA workers' compensation scheme.**

Data from the Insurance Commission of Western Australia (ICWA) is also included in this report. ICWA manages workers' compensation arrangements for WA government agencies. Although not an approved insurer within the WA workers' compensation scheme, ICWA is considered to be more appropriately grouped with approved insurers rather than self-insurers.

The Scheme Status Report is produced on a quarterly basis to measure trends and variations in relation to key elements of the WA workers' compensation scheme including:

CLAIM  
NUMBERS

CLAIM  
PAYMENTS

ESTIMATED  
COSTS

CLAIM  
MANAGEMENT

DISPUTES AND  
SETTLEMENTS

The report is presented in two sections:

1. Key indicators: a high level overview that summarises long and short term trend changes for key elements within the WA workers' compensation scheme.
2. Approved insurer and self-insurer comparison: detailed information for approved insurers and self-insurers in relation to claim numbers, payments, estimated costs, claim management and settlements. This supplements information presented in Section 1.

Notes for the reader:

### Different reporting timeframes for two indicators: lost-time and estimated claim costs

- Lost-time claim indicators (p.7) allow for lost-time estimates to mature and therefore are only reported up to the Dec (Q2) 2021/22 quarter (lag time of two financial quarters).
- Claims data used in the report is derived from data supplied by insurers and exempt employers in accordance with the Q2 specification which can be found on WorkCover WA's website at [workcover.wa.gov.au](http://workcover.wa.gov.au).
