You don't often get email from [REDACTED] [Learn why this is important](#)

Hi WorkCover WA

I hope you are well.

Michael and I are from Product team at Solv, Injury Management Software. We have reviewed the Proposed Act Amendments Consultation Paper February 2026, and there doesn't look to be any items that may require us to update the functionality in our system to help support our WA self-insured and scheme clients who use our system. However, we understand that further details will be finalised after the consultation period, so things may change.

Please keep us posted if there are likely to be any self-insurance data submission requirement changes. This will allow us to plan any changes needed in our system and ensure these are built, tested and in place for the set deadlines.

Please feel free to reach out if you need anything from us as a part of this process. We are always happy for opportunities to work together where needed.

Have a lovely weekend.

Thanks

El
